Qui viſum vitam dat.—In tenebris lucens.
CICERO.

THE infinitely wiſe Author of nature has aſſigned the eyes and ears the moſt uſeful and important offices of life: The ſtructure of thoſe delicately tender organs is ſo exquiſitely minute, the mechaniſm and properties of their various parts ſo admirably curious, that they may be ſtiled, with propriety, the miracles of nature. The great variety of dangers and diſeaſes, manifeſt and occult, to which thoſe precious ſenſes are expoſed; the little attention that hitherto has been paid to the improvement of this moſt noble and moſt delicate ſcience; and ſo few, properly qualified, have engaged in its practice, that to ſtudy them in any degree ſuitable to their importance is full buſineſs for life.

The ineſtimable bleſſing and great advantages which attend a perfect enjoyment of the ſight and hearing are obvious to all; though, like every other bleſſing, more juſtly eſtimated by their loſs; but the deplorable and truly pitiable condition of the blind and deaf is attended with ſuch ſolitary diſcomfort, ſuch gloomy ideas, and conſtant uneaſineſs of mind, as no one can be truly ſenſible of who has not, in ſome meaſure, experienced it himſelf. How noble therefore, how deſerving of the niceſt cultivation, muſt that art be, that can reſtore ſight to the blind, hearing to the deaf, ſpeech to the dumb, and keep in order the ſprings of thoſe maſter-pieces of creative wiſdom! That art muſt needs be divine, becauſe, thus aſſiſted, our minds are inſpired with the grandeſt apprehenſions of Almighty God!

To the INHABITANTS of BRITISH AMERICA,

Dr. GRAHAM, OCULIST and AURIST,

Moſt reſpectfully offers his beſt ſervices, and acquaints them that he may be conſulted at his houſe, the corner of Fifth and Market ſtreets, in this city, in all diſorders of the eye, and its appendages; and in every ſpecies of deafneſs, hardneſs of hearing, ulcerations, noiſe in the ears, &c. Thoſe perſons who have had the unſpeakable misfortune of being born deaf and dumb, and thoſe who labour under any impediment in their ſpeech, by applying perſonally, as above, will probably be aſſiſted.

The anatomy and diſeaſes of the human body, in general, have always been his favourite ſtudy; but the ſtructure and diſorders of thoſe ſympathetic and nearly connected organs, juſt mentioned, have for ſeveral years particularly engaged his attention and practice: From thence he hath deduced, on rational principles, methods of cure, improved and confirmed, by the moſt accurate obſervations, in the courſe of a moſt extenſive and peculiarly ſucceſsful practice.

The candid and intelligent inhabitants of theſe parts of the Britiſh colonies can readily diſtinguiſh true merit from pretended knowledge. All, therefore, that Dr. Graham chuſes to ſay concerning his medical abilities is, that after ſeveral years ſtudy at the juſtly celebrated Univerſity of Edinburgh, he has travelled in purſuit of knowledge, in his favourite branches, attending the infirmaries and hoſpitals, as well as the lectures of moſt eminent profeſſors in Europe. Theſe conſiderations, added to his having had far more experience as an oculiſt and auriſt than any other of the profeſſion on this vaſt continent, encourage him to hope for ſome ſhare of the confidence of the public, for whoſe ſervice and benefit he thus publicly declares his utmoſt abilities ſhall be exerted.

Notwithſtanding it has ever been a cuſtom with the profeſſed oculiſts and auriſts of Europe to conceal their method of practice, and to refuſe to communicate to any one the knowledge they poſſeſſed, yet as his concerns in England will not permit him to remain long in America, and in order that his method may be rendered of as diffuſive utility as poſſible, he propoſes to inſtruct and appoint, in the courſe of his progreſs through America, after a ſeries of actual practice, *one* perſon in every province, to ſucceed him in treating, after the moſt improved method, the diſeaſes of the eyes and ears; and to communicate to them, from time to time, ſuch diſcoveries and improvements as may reſult from future practice. A premium will be expected, and none need apply but thoſe who have been regularly bred to the profeſſion of phyſic or ſurgery.

Since his arrival in this city in November, 1771, upwards of 400 patients have been cured or relieved of the following diſorders; many of which had been of very long ſtanding, and deemed altogether incurable by other practitioners, viz. Total, partial, and periodical blindneſs; weakneſs and dimneſs of ſight; ſquinting; pain, ſwelling, and inflammation of the eyes; ſpots, ſpecks, and films, occaſioned by the ſmallpox, colds, blows, and extraneous ſubſtances; falling off of the hairs of the eyelaſhes, weak, watry, red, ſpongy, and ulcerated eyelids, involuntary weeping of the tears; tumours and excreſſences; *fiſtul. lachrym.* Total and periodical deafneſs; thickneſs of hearing; pain and inflammations, cracking, itching, continual and remitting noiſes and ſounds in the ears; offenſive runnings, occaſioned by colds, ſwelling, ſwimming, picking and improper applications, long and ſevere ſickneſs; ulcerations with carries of the bones; *polipi*, &c. and ſeveral perſons born deaf and dumb, who have made very conſiderable advances in ſpeaking and hearing; inſomuch that perfect cures will probably be effected.

Thoſe perſons whoſe eyes are utterly periſhed, or ſunk in their head, may have the deformity removed by artificial eyes, ſo curiouſly fixed and adapted to the orbits, as to have, in appearance, the beauties, motion, &c. of the natural eye in its healthy ſtate. The Doctor propoſes to leave this city in the beginning of May, 1773. Thoſe, therefore, who have occaſion for his aſſiſtance, are deſired to apply as ſoon as poſſible.

PHILADELPHIA, Nov. 17, 1772.

BOSTON, *November 2.*

WEDNESDAY laſt the freeholders and other inhabitants of this town met at Faneuil Hall, to enquire into the grounds of a report that prevails that ſalaries are appointed to the Judges of the ſuperior court of judicature of this province, whereby they are rendered independent of the grants of the General Aſſembly for their ſupport, contrary to antient and invariable uſage, and to take ſuch meaſures thereupon as might be proper upon ſo alarming an occaſion.

After the cooleſt and moſt candid debate and deliberation, the town came into a very full vote (there being only one hand held up againſt it) to prepare a decent and reſpectful meſſage to the Governor, for the firſt purpoſe aforeſaid. And in the afternoon ſuch a meſſage was prepared, ſetting forth that the report above mentioned had ſpread a general alarm among all conſiderate perſons, who had heard it, in town and country; ſuch an eſtabliſhment being conſidered as tending rapidly to complete that ſyſtem of ſlavery which originated in the Houſe of Commons of Great Britain, aſſuming a power and authority to give and grant the monies of the coloniſts without their conſent, and againſt their repeated remonſtrances. This draught of a meſſage was freely canvaſſed, and finally accepted, by a very full vote, *nemine contradicente*, and thereupon William Phillips, Eſquire, the Honourable James Otis, Eſquire, Mr. Samuel Adams, Dr. Joſeph Warren, Dr. Benjamin Church, Mr. Timothy Newell, and Colonel Thomas Marſhall, were appointed to wait on his Excellency with the ſame:

Then the meeting was adjourned until Friday at ten of the clock in the forenoon, to receive his Excellency's anſwer, and to proceed to ſuch further meaſures as may be judged proper. It is obſervable that, throughout the whole debates, the citizens concerned in it manifeſted the greateſt good humour and patience with each other, the whole town being deeply ſenſible of the importance of the matter before them.

The MESSAGE above mentioned is as follows:

May it pleaſe your Excellency,

THE freeholders and other inhabitants of the town of Boſton, legally aſſembled in Faneuil Hall, beg leave to acquaint your Excellency that a report has prevailed, which they have reaſon to apprehend is well grounded, that ſtipends are affixed to the offices of the Judges of the ſuperior court of judicature, &c. of this province, whereby they are become independent of the grants of the General Aſſembly for their ſupport, contrary to antient and invariable uſage. This report has ſpread an alarm among all conſiderate perſons who have heard of it, in town and country; being viewed as tending rapidly to complete the ſyſtem of their ſlavery, which originated in the Houſe of Commons of Great Britain, aſſuming a power and authority to give and grant the monies of the colonies without their conſent, and againſt their repeated remonſtrances. And, as the Judges hold their places during pleaſure, this eſtabliſhment appears big with fatal evils, ſo obvious that it is needleſs to treſpaſs on your Excellency's time in mentioning them.

It is therefore the humble and earneſt requeſt of the town that your Excellency would be pleaſed to inform them whether you have received any ſuch advice relating to a matter ſo deeply intereſting to the inhabitants of this province, which gives you aſſurance that ſuch an eſtabliſhment has been, or is likely to be made.

Atteſt.
WILLIAM COOPER, Town Clerk.

On Friday the town met according to adjournment, and the committee which had been appointed to wait on the Governor reported from his Excellency the following anſwer to their meſſage, viz,

GENTLEMEN,

IT is by no means proper for me to lay before the inhabitants of any town whatſoever, in conſequence of their votes and proceedings in a town meeting, any part of my correſpondence as Governor of the province, or to acquaint them whether I have, or have not, received any advices relating to the public affairs of the government. This reaſon alone, if your addreſs to me had been in other reſpects unexceptionable, would have been ſufficient to reſtrain me from complying with your deſire.

I ſhall always be ready to gratify the inhabitants of the town of Boſton upon every regular application to me, on buſineſs of public concernment to the town, as far as I ſhall have it in my power, conſiſtent with fidelity, to the truſt which his Majeſty has repoſed in me.

T. HUTCHINSON.

Province Houſe, Oct. 30, 1772.

To the inhabitants of the town of Boſton, in town meeting aſſembled at Faneuil Hall.

The foregoing anſwer being read, it was moved that a committee be appointed to prepare a humble petition to the Governor, praying that he would be pleaſed to order a ſeſſion of the General Aſſembly at the time to which it now ſtands prorogued; and Mr. Otis, Mr Adams, and Mr. Cuſhing, were appointed accordingly; who reported a draught, which being read, it was voted that the ſame Gentlemen who had before carried the meſſage of the town, wait on his Excellency with the following petition, viz.

To his Excellency the Governor of the province.

The PETITION of the freeholders and other inhabitants of the town of Boſton, legally aſſembled by adjournment in Faneuil Hall, on Friday, October 30, 1772.

Humbly ſheweth,

THAT your petitioners are *ſtill* greatly alarmed at the report which has been prevalent of late, viz. that ſtipends are affixed to the offices of the Judges of the ſuperior court of judicature of this province, by order of the Crown, for their ſupport.

Such an eſtabliſhment is contrary not only to the plain and obvious ſenſe of the charter of this province, but alſo to ſome of the fundamental principles of the common law; to the benefit of which all Britiſh ſubjects, wherever diſperſed throughout the Britiſh empire, are indubitably entitled.

Such a jealouſy have the ſubjects of England for their rights, liberties, and privileges, and ſo tender a regard has been ſhewn to them by his Majeſty, that notwithſtanding the proviſion made at the revolution, that the Judges of the King's ſuperior courts of law there ſhould hold their commiſſions, not at pleaſure, but during good behaviour; and ſince that time for their ſupport his Majeſty, among other the firſt acts of his reign, was graciouſly pleaſed to recommend it to Parliament, and an act paſſed that their commiſſions ſhould not ceaſe at the demiſe of the King; whereby every thing poſſible in human wiſdom ſeems to have been done to eſtabliſh an impartiality in their deciſions, not only between ſubject and ſubject, but between the Crown and the ſubject. Of how much greater importance muſt it be to preſerve from the leaſt ſuppoſeable bias, the Judges of a court, inveſted by the laws of this province, which have been approved of by his Majeſty, with powers as fully and amply to all intents and purpoſes whatſoever, as the courts of King's Bench, Common Pleas and Exchequer, within his Majeſty's kingdom of England have, or ought to have?

Your Excellency will allow your petitioners, with due ſubmiſſion to repeat, that this eſtabliſhment appears to them pregnant with ſuch fatal evils, as that the moſt diſtant thought of it's taking effect fills their minds with dread and horror.

These, Sir, are the sentiments and apprehensions of this metropolis: Expressed however, with due deference to the sentiments of the province, with which your petitioners are anxiously solicitous of being made acquainted.

It is therefore their earnest and humble request, that your Excellency would be pleased to allow the General Assembly to meet at the time to which it now stands prorogued; in order, that in that *constitutional* body, with whom it is to enquire into grievances and redress them, the joint wisdom of the province may be employed in deliberating and determining on a matter so important and alarming.

Then the meeting was further adjourned till Monday at three of the clock in the afternoon, to receive an answer to the petition, and take such *further* measures as this most important affair may require.

On the 21st of September Mr. Silvanus Ripley, and his companion and interpreter Lieut. Joseph Taylor, returned to Dartmouth college from their mission to the Indian tribes in Canada, and brought with them ten children from those tribes, to receive an education at that school; two of them are children of English captives, who were taken by the Indians in former wars; one of them a grandson about 8 years old, of Mr. Tarbull, who was taken from Groton above 60 years ago; he greatly rejoiced to see them on this occasion: The old Gentleman was hearty and well, and expressed great affection to his relations in New England, and desired they might be informed of his welfare; he was the eldest chief of that village. A grandson of Mrs. Eunice Williams, who was captivated with her father, the Rev. Mr. Williams of Deerfield, in the year 1704, would have come with them, but was sick with the measles; but he is expected in the spring. The number of Indian children at the school is 28.

Last Tuesday fortnight, a young man, named Clark, son of Mr. James Clark, of Westerly, who had been at a husking in that town, and returning late in the evening, was suddenly, while standing at the fire, taken with a numbness in one of his hands, which soon spread itself over his body, and put an end to his life in less than two hours after he was seized with the disorder.

NEW YORK, *November* 9.

A letter from Detroit of the 29th of September says, "Yesterday Ishimahani and Shawanesse, two Ottowa Chiefs, with nine young men of their nation, came in here from Michilimack Bay, and brought a letter from one Beaubien (a French trader there) to Major Basset, our commandant, informing him that Thomas Bird (an English trader) with his two batteaux, were detained by the Chippewas, on their way from the Illinois to this place, near river Au Corbeau, about 60 miles to Missisagie (one of the murderers) and demanded him for his behaviour, in stirring up and disturb the tranquility of the Indians all the winter and summer; he answered that liquor was the cause of it, they were drunk. Major Basset sent back the messengers to day to tell the Chiefs and principal people of the nation, that he looks absolutely on their delivering up the murderers, that he will not receive skins or any other conditions, and will not trade with them, &c."

A Gentleman from England writes his friend here, that the scheme of exporting great quantities of deer timber in rafts to England will sink the price of ships there, and raise it here.

The sloop [illegible], T. Roberts, master, belonging to Norfolk, [illegible], bound to St. Domingo, on the 28th of August last, in lat. 21, 25, long. 59, 40, in a severe gale lost her mast, boom, square sail yard, main sail and the standing rigging thereunto belonging, with caboose, &c. In this deplorable condition we lay ten days, when near the east end of Hispaniola, a French ship, the Tourville, from France, bound to Cape Francois, Captain Pellarob, with great humanity took us in tow, and conducted us safe into Cape Francois, with the whole of our cargo, where we arrived on the 19th day of September 1772. Any printer who sees this is desired to insert it, and oblige their humble servant,

THOMAS ROBERTS.

We hear from England that the ingenious Mrs. Wright, whose surprising imitations of nature, in wax work, have been so much admired in America, by a diligent application and improvement in the same employment, has recommended herself to the general notice and encouragement of persons of the first distinction in England, who have honoured her with peculiar marks of their favour; and as several eminent Personages, and even his Majesty himself, have condescended to sit several times, for her to take their likenesses, it is probable she will enrich her collection, and oblige her friends in America with a view of the most remarkable persons of the present age, among which will be the immortal, inimitable GARRICK, whom she had began. She has already completed, and sent over to her house in this city, where they may be seen, the most striking likeness of the celebrated Dr. BENJAMIN FRANKLIN, of Philadelphia, now in London, and of Mrs. CATHARINE MACAULEY, so much admired for her great learning, fine writing, and amiable character.

PHILADELPHIA, *November* 11.

On Saturday last KAYASHUTA, the great Seneca Chief, returned to this city from Johnson's Hall, where he has been on a visit to Sir William Johnson, of the greatest importance to the colonies. The entertainment he received, when last here, at seeing a few electrical experiments, has so much engaged his attention and admiration, that, we are informed, his first enquiry at his return was, whether he could not have another opportunity of seeing thunder and lightning produced by human art; and we hear he is determined to attend Mr. Kinnersley's lectures at the college on Thursday and Friday evenings next.

The forts Chartres and Pitt are, by orders from England, destroyed, the barracks levelled to the ground, and abandoned by the garrisons, who are soon expected, as they are on their way for this city. We are assured the frontier inhabitants of this province have presented the Governor with a petition on that subject, who has referred them to General Gage, at New York, but we fear the application is without success.

WILLIAMSBURG, *December* 3.

On Saturday last were united in the sacred and indissoluble bands of holy wedlock NATHANIEL BURWELL, Esquire, of *Carter's Grove*, and Miss SUSANNAH GRYMES, of *Brandon*.

— — — — A matchless pair;
In whom the human graces all unite:
With equal virtue form'd, and equal grace,
The same, distinguish'd by their sex alone:
Her's the mild lustre of the blooming morn,
And his the radiance of the risen day.
THOMSON.

Last Monday being the feast of St. Andrew, which is the time appointed by the charter of this city for electing a Mayor, JAMES COCKE, Esq; was chosen into that office for the ensuing year. At the same time Doctor JAMES BLAIR was made an Alderman (in the room of George Wythe, Esquire, resigned) and Mr. JOHN DIXON one of the Common Council.

On Sunday last was married, at Norfolk, Mr. CHAMPION TRAVIS to Miss BETSEY BOUSH, daughter of Mr. SAMUEL BOUSH, of that place.

Among the above is a full assortment of RUGS and BLANKETS of almost all kinds and prices, striped DUFFILS of various prices, and COVERLIDS.——I must earnestly request all those whose bonds and accounts are due to make speedy payments, and save me from the disagreeable necessity I am under of putting to immediate diligence all bonds and accounts over due that are not paid this fall, or very early next spring; and that without respect to persons. The Gentlemen and others indebted, by paying particular attention to this, will very greatly oblige GEORGE MITCHELL.

AS the estate of Mr. *Abraham Simpson*, deceased, will not be sufficient to pay all his debts, and being desirous to settle my administration as soon as possible, I hereby give notice that if any person has a demand against the deceased, by bond, or other specialty, if not made known immediately, I shall pay the money, in my hands, in discharge of such accounts as have been already produced.

WE the subscribers take this method of informing the public that a stage is now carried on between Philadelphia and Baltimore, by the way of Wilmington and Charles Town: The advantages that will attend this stage, we hope, will induce every person that wants a quick dispatch to Baltimore to favour us with their custom. As Wilmington is situated on Christiana, two miles from Delaware river, and Charles Town, on North East river, eight from the mouth of Elk river, we shall never be detained by contrary winds, which is frequently the case with other stages. Foudrey and Bush's stage leaves the Crooked Billet wharf, in Philadelphia, every Wednesday, and returns every Friday: Patrick Hamilton's stage waggon leaves Charles Town every Thursday, and returns every Friday from Wilmington; and his packet leaves Charles Town every Saturday, and returns every Wednesday. Passengers pay from Philadelphia to Wilmington two shillings; from Wilmington to Charles Town five shillings; from Charles Town to Baltimore four shillings. Goods are received in Philadelphia by Messieurs Edwards and Marris, Chestnut street wharf.

FORTY DOLLARS REWARD.

RUN away from the Reverend Mr. *Boucher's*, in *Prince George* county, *Maryland*, the 4th of *October* last, a convict servant named *Samuel Carter*, alias *Gasford*, belonging to the subscriber in *Stafford*. He was transported in the ship *Thornton*, to *Rappahannock* river, last *June*, which, I am informed, he boasts is not the first time of his having been transported to *America*. He is about twenty three years of age, of the middle size, and wears his own brown hair, which probably he may cut off, the better to disguise himself. He rode off a small bay blooded horse, trimmed, with a ridged mane, his foretop cut off, his tail bobbed short, and has a small white spot on one of his ears, it is uncertain whether he is branded or not, but believe he is with IM in a piece. The said fellow likewise took with him a portmanteau containing some wearing apparel of mine, and several suits of his own, particularly a blue coat with a red cape, a waistcoat of the same, and a wilton waistcoat and breeches.; carried also with him a very good *German* flute, which he plays very well on, and is very fond of. Whoever will deliver the servant and horse to me, or to Dr. *Richard Brooke* in *Maryland*, shall be entitled to the above reward, or one half for either of them. CLEMENT BROOKE.

ALL that exceeding fine plantation, and tract of land, belonging to the ſubſcriber, lying at the falls of *James* river, in *Cheſterfield* county, containing upwards of 2000 acres, which, on account of its richneſs and ſituation, is deſervedly eſteemed the moſt valuable plantation in this colony, and equal to any in *America*. It is in good order for cropping; about 250 acres of it are ſowed in wheat this fall, from which may be expected to be reaped at leaſt 5000 buſhels. There is a very good dwelling-houſe on it; and although it has been thought the low grounds were much injured by the great freſh, yet the preſent crop, which was planted where the freſh was ſuppoſed to do moſt damage, is as flouriſhing as could be wiſhed for. Any perſon inclined to purchaſe may ſatisfy himſelf, by viewing and examining it before the ſale. The tobacco warehouſes at the *Rocky Ridge*, the profitable ferries on each ſide of the river, and the very valuable fiſhery, known by the name of *Sandy Bar*, with ſeveral of the one hundred acre lots in *Henrico* county, will then alſo be offered for ſale.—At the ſame time and place will be ſold, upwards of a hundred fine SLAVES, among which are many valuable tradeſmen; alſo the ſtocks of cattle, horſes, &c. belonging to the falls plantation. Twelve months credit will be allowed for the whole. Bond and good ſecurity to be given by all the purchaſers of the lands, ſlaves, and ſtocks; and the bonds to carry intereſt from the date, if not diſcharged when due.

There is at the place a public ferry, eſtabliſhed by act of Aſſembly, already very valuable, and promiſes to be as much ſo as any on the river, being thought the neareſt from *Peterſburg*, *Blandford*, &c. to the large tobacco ſettlements in *Bute* county, and other places of *North Carolina*. A conſiderable time will be given for payment, and the terms made known at the day of ſale. At the ſame time and place will be ſold, a quantity of corn, fodder, &c. on twelve months credit. A VERY valuable tract of LAND, known by the name of *Tuckoman*'s, and lying a little below *Ruffin*'s ferry, on *Pamunkey* river. By a late ſurvey the high land belonging to this tract amounts to 650 acres, and adjoining to it are upwards of a thouſand acres of exceeding valuable marſh, which may, with great eaſe, be reclaimed. If any perſon, having an inclination to purchaſe the ſaid land, chuſes to view the ſame, he is deſired to apply either to Mr. *Holt Richeſon*, or to Mr. *William Claiborne*, who live near, and will ſhew the land, and its bounds.—As ſome doubts have ariſen formerly about the legal conveyance of this land, it is neceſſary to ſay, that at the day of ſale all the mortgagees will concur in the diſpoſal of it, as well as the proprietor, and the purchaſer may rely on having an indiſputable title. The time of payment will be made known on the day of ſale.

FOR SALE,

A VALUABLE tract of LAND in *Hanover* county, adjoining the ſeat of Mr. *John Skelton*, containing 337 acres, on which are neceſſary houſes for a plantation, in good order for cropping; there is on the ſaid land a fine place for a meadow, a creek running through it. Likewiſe a good apple and peach orchard. Credit will be given till *June* for one hundred and fifty pounds, and *June* twelvemonth the balance, with bond, and approved ſecurity. To be SOLD, *by the proprietors, at public vendue, on the firſt day of April*, 1773, *together, or in parts, as may beſt ſuit the purchaſers, for caſh, or ſhort credit*,

THE OXFORD FORGE, or BLOOMERY, in *Bedford* county, with all the lands thereunto belonging, being 6000 acres, well timbered, advantageouſly ſituated for coaling, the ſtream is good, there are ſeveral banks of ore, ſufficient for any number of iron works the owner or owners may think proper to erect. The quality of the iron that has already been made in the bloomery, or blooming way, is not inferior to any on the continent. There are two ſeats for furnaces, the fartheſt not exceeding a quarter of a mile from the one banks; and we can venture to aſſure any perſon or perſons, that may incline to purchaſe, that a furnace may be built at either of the ſaid places as cheap, and carried on at as ſmall expence, as at any place in *America*. Pig or bar iron may be exported at a ſmall expence, as the forge lies within one mile of *James* river, which affords an eaſy carriage within ſix or ſeven miles of navigation. The country in which the ſaid works are ſituated is very extenſive, and as there are no iron works to intercept their market, the demand for iron will be very great. A conſiderable part of the ſaid lands is very capable of farming, or planting. There is alſo a large quantity of meadow ground. The terms of ſale may be known by applying either to *Robert Harper*, of *Berkeley* county, *Thomas James*, late of *Carliſle* ironworks, in *Cumberland* county, *Pennſylvania*, or to *Benjamin Billedge*, on the premiſes, who will ſhew the lands, &c. Indiſputable titles will be made the purchaſers.

FALLS of POTOWMACK, *Sept.* 10, 1772.

I THE ſubſcriber am the manufacturer of SNUFF and TOBACCO, who formerly reſided at *Bladenſburg*, in *Maryland*, and at this time have a quantity of very good old ſnuff by me, grown better by age, which I would willingly diſpoſe of by wholeſale on very reaſonable terms; that is, in ſuch a manner as to allow the purchaſer a very good profit in retailing it. Thoſe who incline to become cuſtomers to me may be furniſhed with any quantity on notice given, and it ſhall either be packed in *Weſton's* or *Kippen's* bottles, or in country made pots, agreeable to orders. From my own obſervation, patriotiſm in *Virginia* and *Maryland* is not ſo dormant but it may be awakened by a proper application to a perſon's real intereſt; and I am convinced that many Gentlemen, through choice, and taſte likewiſe, would prefer mine to foreign ſnuff, provided they could be furniſhed with it in their own neighbourhood; which induces me to think that the Gentlemen merchants can have no objections to procure it for them, when I can aſſure them that cuſtomary commiſſions will be allowed them, or that they will have a ſufficient profit in retailing it. However, ſuch Gentlemen as would take one dozen bottles, or more, at a time, and lodge payment for the ſame with ſome merchant convenient to them, ſhall have it at my wholeſale prices; and I will engage to deliver the ſame to their orders at general landing places, on both ſides of the rivers *Potowmack* and *Rappahannock*, and at *Norfolk* for Gentlemen on *York* and *James* rivers, they paying package and freight, the charge whereof will be very ſmall, and ſhall not forget to recommend it to the care of their merchant. The prices will be as follow: For one dozen, or more, of ſnuff, commonly called plain *Scotch*, in *Kippen's* bottles, three dollars *per* dozen; in *Weſton's* bottles five dollars *per* dozen; and in proportion for pots. Thoſe who chuſe it, may have the ſnuff packed in bulk, either in large pots of twelve to twenty pounds each, or in tight caſks from thirty or forty pounds each, to four or five hundred pounds, at two ſhillings and eight pence, *Maryland* currency, *per* pound, payable in dollars, at ſeven ſhillings and ſix pence each, excluſive of the charge for pot or caſk. I likewiſe make round high toaſt at two ſhillings and ſix pence, rappee at four ſhillings, and *Spaniſh* ſnuff at five ſhillings, *Virginia* currency, *per* pound, when ſix pounds, or more, are taken at a time. The two latter kinds, either plain or ſcented, at choice of the purchaſer. I would gladly enforce an encouragement of my manufacture by a reiteration of my good opinion of the taſte of the Gentlemen and Ladies of *Virginia* and *Maryland*, as well as of the readineſs and willingneſs of each to oblige them, by taking quantities of me for the purpoſe of retailing; and would recommend it to Gentlemen at a diſtance to give their orders to their merchant, who will forward them to me; all which orders ſhall be ſtrictly and punctually complied with, both as to the kinds of ſnuff they may direct, and in every other reſpect. Thoſe Gentlemen merchants who may receive ſnuff from me, to be diſtributed by them to Gentlemen in their neighbourhood, ſhall be entitled to 10 *per cent.* for their trouble; and I only requeſt from them a remittance of the balance, after deducting their commiſſions. A collection of all orders that may be offered them is therefore deſired, and their forwarding them to me immediately by poſt, or otherwiſe, will be acknowledged a particular favour. I would likewiſe furniſh cut tobacco of two ſorts, viz. ſhag and ſaffron; the firſt for chew, the latter for the pipe; provided orders of conſequence enough to induce me to manufacture it are timely received. The price of each will be nine pence, *Virginia* currency, *per* pound, by the dozen, and in ſmaller quantities at ten pence *per* pound. I have now only to obſerve that thoſe Ladies and Gentlemen who are not already acquainted with the quality of my ſnuff and tobacco (which I affirm to be good) may receive information from many Gentlemen concerning it, in moſt parts of *Virginia* and *Maryland*, who have heretofore had trial of both; and I with for no other recommendation. I humbly conceive that the intereſt of the public is concerned in the encouragement of country manufactures, and I ſhall, in future, if properly ſupported by it, in this very uſeful branch of its commerce, gratefully acknowledge the favours that may be conferred on the public's very humble ſervant,

RICHARD THOMPSON.
